COUNCIL AGENDA:

TO: City Council

FROM: Dennis R. Hallaway, City Manager 

SUBJECT: Budget Transfer for underground work on Ohio St. and Mission Rd.

RECOMMENDATION

It is recommended that the City Council approve a budget transfer of \$70,000 from Special Projects to Loma Linda Connected Community for underground conduit on Ohio St. and Mission Rd.

BACKGROUND

Currently, we are putting in sidewalks and curb and gutter on Ohio. When that work is done we will repave the street. We would like to put conduit for the Loma Linda Connected Community fiber optic cable project in the street before it is paved thus saving us having to do it later. Also, Mission between Mountain View and Pepper is scheduled to be rebuilt. We would also like to put conduit here and avoid having to tear up the street later.

ANALYSIS

It would be prudent to do this work at this time and save money and the inconvenience to the residents later.

ENVIRONMENTAL

No impact.

FINANCIAL IMPACT

Reduces Special Projects by \$70,000.
